## HOW TO USE:

Start with clean and dry brows. Using the applicator, apply the gel in short, light strokes to fill in and define your brows. Blend for a natural finish.

## FOUR SHADES:

Each shade is expertly crafted to provide natural-looking color.

Whether you're looking for a subtle enhancement or bold definition, our range of shades meet the needs of all brow types and styles.

<b>DIRTY BLONDE</b>		A soft shade that balances warmth and coolness; perfect for those with light hair looking to enhance their brows without overpowering their natural color. Offers a subtle yet striking definition that complements a variety of skin tones.
<b>RICH TAUPE</b>		A sophisticated blend of gray and brown; Rich Taupe is the perfect choice for those with ash-toned hair. This versatile shade provides a soft natural look, making it ideal for those seeking a refined brow that enhances features without looking harsh or overly defined.
<b>WARM BROWN</b>		A beautiful brown that is ideal for medium to dark hair. It provides a rich polished finish that enhances your look while maintaining a natural appearance.
<b>BLACK BROWN</b>		A more intense and bold shade; Black Brown offers the perfect solution for those seeking dramatic definition. This dark hue is ideal for deepening brows with dark hair, creating a striking contrast that heightens facial features.
